Dear Kimberly Branam and Prosper Portland,

The Southeast Uplift Board of Directors enthusiastically supports Voz's Building the Dream project, and we encourage you to finalize the Purchase and Sale Agreement with them.

Southeast Uplift has worked with and supported Voz in its efforts to find and expand opportunities for day laborers for many years. Their ability to provide a variety of services to day laborers with only a trailer and garage is a testament to their passion, resourcefulness, and skills. We are grateful to Prosper Portland for offering Voz the opportunity to strengthen and expand their work in a permanent facility in which to serve their constituents.

In these difficult times it is especially urgent that we all find ways to help those who are most vulnerable, and Voz's Building the Dream project strikes us as a critical step toward that goal. We look forward to continuing our relationship with Voz and with their many other community partners to help their constituents who are also our neighbors. Thank you for your key role in making this possible.

Sincerely,
