LUTC Resources!

Back to the basics, exploring LU/T resources, tips for building partnerships, and more.

Background: With LUTC meetings happening again, take the opportunity to familiarize ourselves and get to know new participants. We will do an overview on roles, resources, and more.* For more veteran participants, your insight and experience will add a lot to the discussion and will support your neighbors in their work. Thank you for being a part of the SE Portland community!

Overview: Review resources available to our LU/T representatives (and community members engaging in this work) such as Portland Maps and advocacy resources.

- Share information about available **funding/grants** to conduct LU/T engagement and small projects (e.g. SEUL Grants, Safe Routes to Schools, Better Block PSU, America Walks, City Repair, and more)
- Tips for partnership engagement.
- Other **tips and tricks for being successful in your role** as Land Use Chair in your neighborhood or other group.
- **Successes & inspiration** from other Neighborhood Associations and groups doing this work.
- **Q & A session** to address challenges and issues that have come up in your neighborhood. This can be a group effort.
- **Future Trainings** that you would like to see.

Virtual Networking with Colleagues

Overview: We have several new Land Use Representatives and participants to the LUTC. Let's take some time to get to know each other and share our challenges, successes, and what we are working on with our neighbors. Depending on the size of the group, we will break out into small groups or engage as a larger group. Join us in this interactive networking opportunity!

Purpose: Get to know our colleagues, find resources and areas of collaboration, identify topics of interest in the coming year.
